## Vicarious Trauma and Interpretation

Interpreters are often faced with stressful situations, difficult content and many factors out of their control that can result in trauma. In this presentation you will learn what vicarious trauma is, how to identify it in its early stages, and more importantly how to prevent it through the use of strategies you can use daily.

**Thursday, March 10: 9am-10:30am PST**

**Saturday, March 12: 10am-11:30am PST**  
**Sessions offered over Zoom**

Workshop Fee: \$100
